NOTE

- For details about the programmable keys, contact your dealer.
- Figures in this guide are only for reference.

Basic Operations

Charging the Battery

CAUTION

- Use the approved charger to charge the battery.
- Read the Safety Information Booklet before charging.
- The remaining lithium-ion battery power is limited to 30% pursuant to the new lithium battery shipment regulation approved by the International Air Transport Association (IATA).

Before initial use, charge the battery alone or the battery attached to the radio. It is recommended to keep the radio turned off during charging.

The LED indicator on the charger shows the charging status, as described in the following table.

Status	Description
Glows red	The battery is being charged.
Glows orange	The battery is charged to 90% or above.
Glows green	The battery is fully charged.
Flashes red slowly	No battery is placed on the charger.
Flashes red rapidly	The battery fails to be charged.

Turning On or Off the Radio

- To turn on the radio, long press the **On-Off** key or reattach the battery.
- To turn off the radio, long press the **On-Off** key.

Adjusting the Volume

Rotate the **Smart Knob** clockwise to increase the volume, or counterclockwise to decrease the volume.

Using the Keypad

NOTE

This feature is available only for HP78X.

- To lock or unlock the keypad, on the home screen, press the **OK/Menu** key, and then press .
- To enter the content or edit messages, do any of the following:
 - To switch the input method between alphabetic mode and numeric mode, press .

- To enter special characters, press  in alphabetic mode.
- To enter a space, press  in alphabetic mode.

Selecting a Zone

- Press the preprogrammed **Zone Up** or **Zone Down** key.
- Go to **Menu > Zone** to select a zone. This method applies only to HP78X.

Selecting a Channel

- Press the **Smart Knob**, and then rotate the knob within 5 seconds.
- Press the preprogrammed **Channel Up** or **Channel Down** key.

Call Services

To keep the audio quality, keep your mouth 2.5 centimeters to 5 centimeters away from the microphone.

Initiating a Call on Digital Channel

- Press and hold the **PTT** key.
- Go to **Menu > Contact** to select a contact, and then press and hold the **PTT** key. This method applies only to HP78X.

Initiating a Call on Analog Channel

- Call Without Signaling
Press and hold the **PTT** key.
- Call with Signaling
 - Press and hold the **PTT** key.
 - Press the preprogrammed **One Touch Call** key.
 - Go to **Menu > Contact** to select a contact, and then press and hold the **PTT** key. This method applies only to HP78X.

Emergency

The Emergency feature is configured and enabled by your dealer. For details, refer to the User Manual.
